

As a citizen of the United States I value protection and privacy. Privacy of my home is a valuable part of being a US Citizen, and as such the Wisconsin State "Do Not Call List" is invaluable in protecting my right to be left alone, it is my personal and private telephone and my personal life. To be invaded by unwanted callers, especially when there is a way to prevent them from calling, is invading my privacy. Telemarketers DO NOT have a right to be able to call me! This is a free country and I wish to be free from Telemarketers.

Thank you for your time and please consider the citizen and not the business!
